## -1 Penalties

1. Picking an illegal variation
2. Taking too much time (after a 10 -second countdown)
3. Making a Bonus move while ahead in the match
4. Illegal Challenge

## Last Cube Procedure

1. If one cube remains in Resources, the next Mover must either play that cube to Required or Permitted or challenge Impossible. When the cube has been moved, each player has two minutes to write an Equation. A correct Equation earns 4 points; an incorrect Equation scores 2.
2. An opponent may challenge Impossible against the player who moved the last cube from Resources to Required or Permitted provided the challenge is made by the end of the first minute for writing Equations. If the challenge is made, the Mover (and the Third Party if deciding to submit an Equation) has the rest of the original two minutes to write an Equation.
